

Turbeville Library – Clarendon County

To whom it may concern:

The funds requested by Rep Pedalino are for the Turbeville Library. The library will be built as a joint project of Clarendon county and the Drs Bruce and Lee Foundation on the town square in Turbeville which I am donating.

It will be a part of the Clarendon County Library system and administered by the county. It will be named for Dr Kate E Smith who practiced medicine in Turbeville for over 50 years as the town's sole practitioner and who Governor McMaster awarded the Order of Palmetto for her service to her community and her state.

I appreciate the Governor's support and am happy to answer any questions re this project.

Thank you in advance,

C Dorn Smith III, MD
